

CODE OF BUSINESS ETHICS AND STANDARDS OF CONDUCT
STATEMENT OF CONFORMANCE

1. GardaWorld Federal Services (GWFS)¹ provides security services in circumstances where weakened governance creates complex, fragile and hostile environments. Our customers, host nation and home governments, the communities within which we operate, our partners and our suppliers rely on us to operate in a responsible manner that enhances human safety and security and which protects assets (both tangible and intangible) while conforming to all applicable laws, regulations and contracting requirements and safeguarding human rights.
2. Every aspect of our business practice and service delivery is governed by our Code of Business Ethics and Standards of Conduct and our corporate Business Management System (BMS). These are founded upon our commitment to respecting human rights and follow the principles of 'Protect, Respect and Remedy'². In order to demonstrate our credibility in applying these principles, we ensure that our entire way of doing business is externally accredited, on a global basis, to a number of International Standards³ which encompass the full scope of our business functions and services.
3. In complex operating environments, a host nation's own ability to protect human rights may be diminished. Other states and parties may also be known or suspected of acting in a way which has an adverse impact on human rights. In these circumstances, our rigorous application of the principles enshrined in our Code of Business Ethics and Standards of Conduct assists us in minimizing the risk of our own actions causing adverse impacts upon human rights.
4. We respect our people, customers and the communities within which we operate by acting upon firmly held, communicated and administered principles of fairness, equality, integrity and dignity. Our responsible approach, operating our BMS within our robust Legal Operating Framework, includes:
 - a. Using a formal, enterprise-wide procedure for the management of internal and external risk, applied to all aspects of our business processes and decision-making, at all levels (Fully compliant with ISO 31000).
 - b. Applying a rigorous, fair and risk-based process for the selection, recruitment and vetting of our people, our partners, our suppliers and, where appropriate, our customers.
 - c. Providing the healthiest and safest working environment reasonably possible for all of our people, wherever they are and whatever duties and responsibilities are assigned to them (Externally certified to OHSAS 18001, covering all of our operations globally).

¹ GardaWorld Federal Services (GWFS) is a registered "doing-business-as name" of Aegis Defense Services, LLC (Aegis).
